## Disclaimer

Apple, Apple Find My, Apple Watch, Find My, iPhone, iPad, iPadOS, Mac, macOS and watchOS are the trademarks of Apple inc, registered in the U.S. and other countries OS is a trademark or registered trademark of Cisco in the U.S. and other countries and is used under license. Use of the 'Works with Apple' badge means that a product has been designed to work specifically with the technology identified in the badge and has been certified by the product manufacturer to meet Apple's 'Find My' network product specifications and requirements. Apple is not responsible for the operation of this device or its use, nor for its compliance with safety and regulatory standards. To use the 'Apple Find My' app to locate this item, the latest version of iOS, iPadOS, or macOS is recommended.

## Getting Started

1. Remove the product from its packaging.
2. Please retain all packaging until you have checked and counted all parts and verified the contents against the parts list.

## Key Features

1. Uses Apple Find My App to locate your device
2. Locate from iPhone, iPad, iPod Touch, or Mac computer

- 3.** Integrated luggage lock with FIND MY search and other functions
- 4.** Provides protection against dust and water immersion up to a depth of 1 meter for up to 30 minutes.
- 5.** The product is rated with IPX65, making it resistant to dust and able to withstand water immersion up to a depth of 1 meter for up to 30 minutes.
- 6.** It allows you to use voice commands through Siri, providing hands-free functionality for ease of use.
- 7.** With TSA approval, the product meets all necessary security standards, ensuring smooth travel and ease of access by airport authorities.
- 8.** The product features an ultra-tough alloy body, designed to withstand impact and resist wear and tear for long-lasting durability.
- 9.** You have the ability to set your own combination for added security, giving you full control over access.
- 10.** The product comes with a replaceable battery, ensuring continued performance and use without needing to replace the entire unit.
- 11.** The flexible shackle design helps protect the zipper from damage, ensuring longevity and reliable use.

## **Safety Instructions**

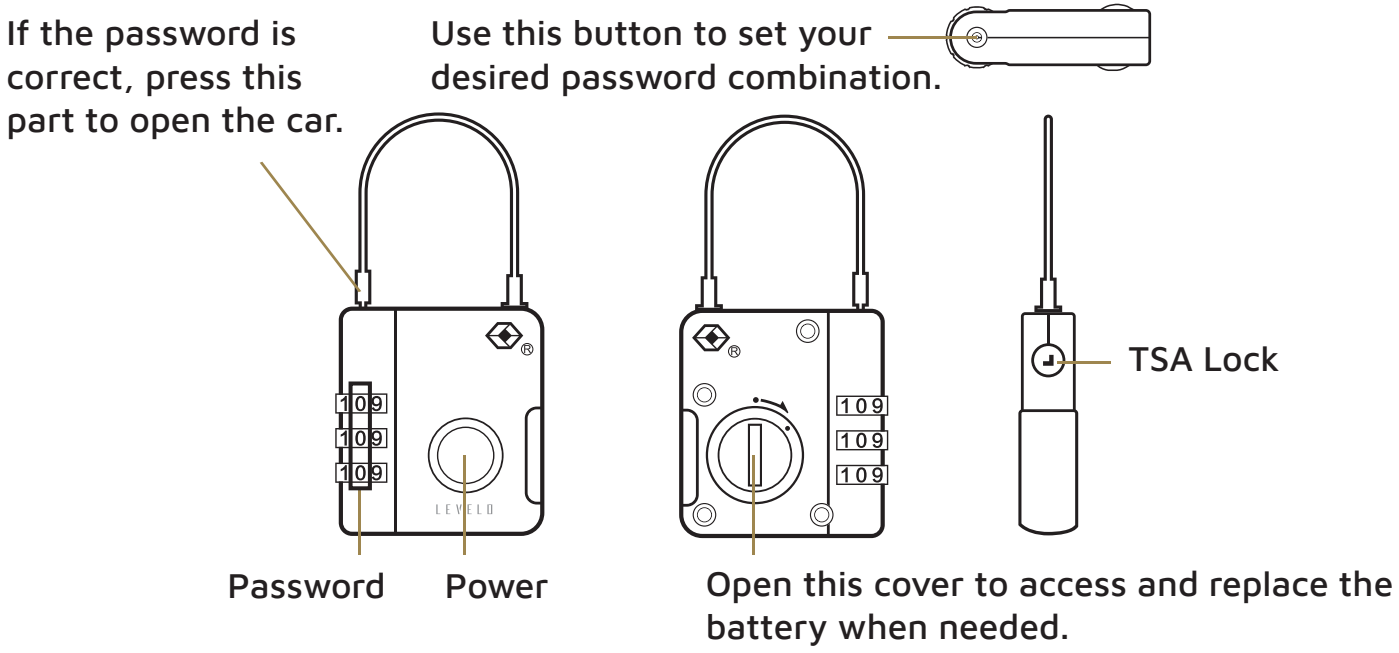

- 1.** Keep the unit away from heat sources, direct sunlight, water, and other liquids.
- 2.** Do not operate the unit if it has been exposed to water, moisture, or any other liquids, as this could cause damage to the unit.
- 3.** Do not use the unit if it has been dropped or damaged in any way.
- 4.** Repairs to electrical equipment should only be performed by a qualified electrician. Improper repairs could pose serious risks.
- 5.** Do not use this unit for any purpose other than its intended use.

- 6. Ensure that the appliance is stored in a secure location, away from the reach of children to prevent accidents.
- 7. The product is intended for its specified use only and should not be treated as a toy for children.
- 8. Keep batteries away from extreme temperatures, such as direct sunlight, fire, or other heat sources, to avoid damage or safety hazards.

## Specifications

Size	13 x 103 x 48 mm
Battery	Replaceable CR1632 battery
Working Time	3-4 months
Volume	80 dB
Waterproof	IPX65
Net Weight	100.67 g

## Product Overview

## Battery Replacement

The WeTag comes with a pre-installed CR1632 battery. When the battery runs out, follow the steps below to replace it:

1. Open the cover using a tool.
2. Insert a new CR1632 button cell battery, ensuring correct polarity.
3. Securely close the cover after the new battery is in place.

## Instructions for Use

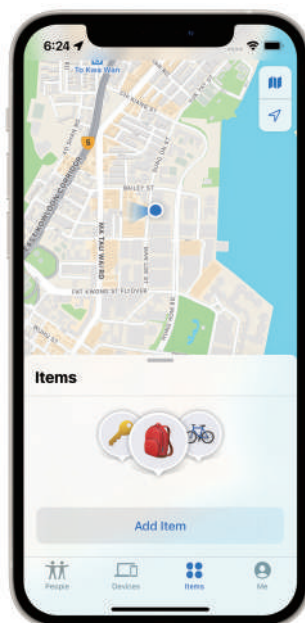

### 1. Switch On/Off the Unit

**Switch On:** Short press the Power button once; you will hear a ring chime, indicating the unit is powered on and in pairing mode.

**Switch Off:** Long press the Power button for three seconds. The unit will beep twice, signaling that it is powered off.

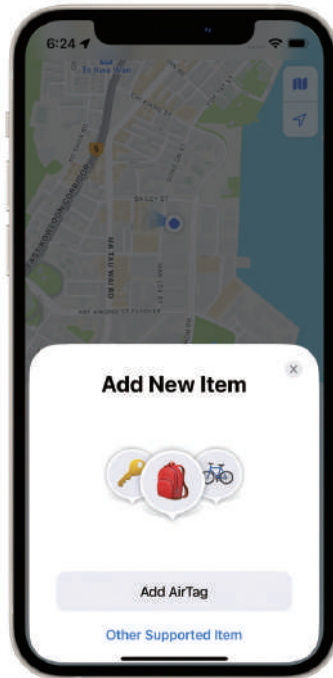

### 2. Add Your Smart Finder to the Find My App

Open the Find My app on your compatible iPhone, iPad, iPod Touch, or Mac computer. Allow notifications from the app to be displayed.

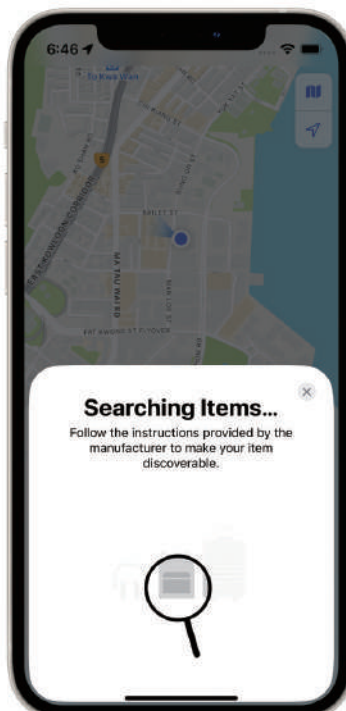

**3.** Select "Items" at the bottom of the screen, then tap "Add Other Item" or directly tap the "+" icon.

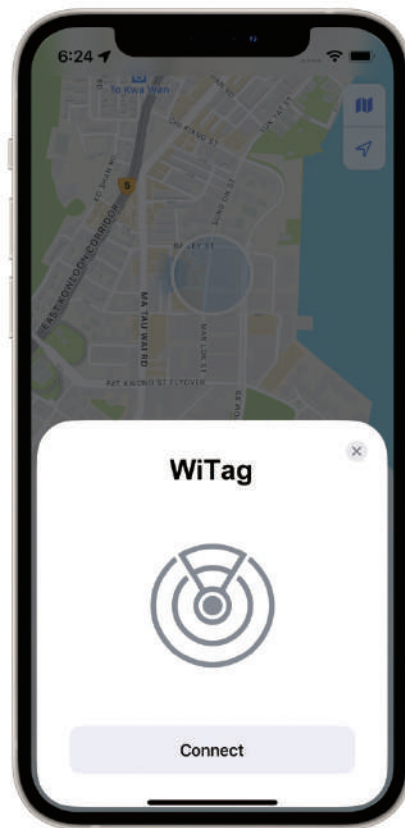

**4.** Choose "Other Supported Items."

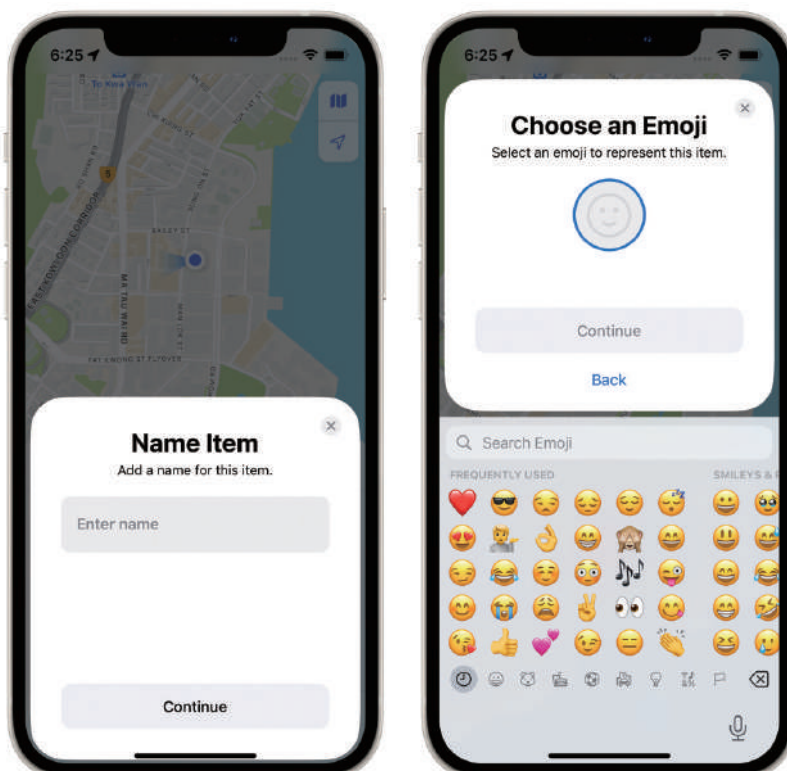

**5.** Ensure your Smart Finder is close to your phone. The screen will display "Searching Items..." during the search.

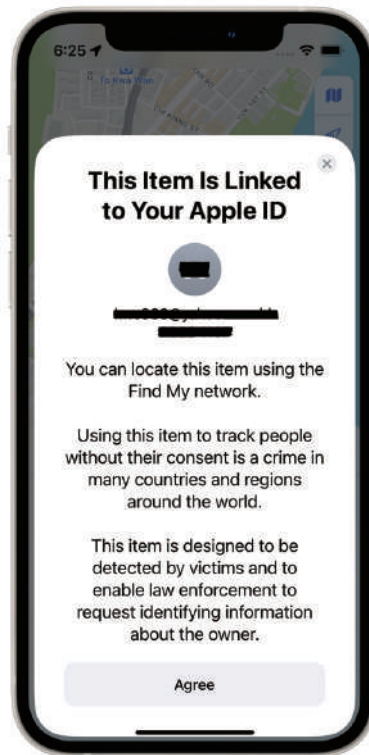

6. When "WeTag" appears on the screen, tap "Connect."

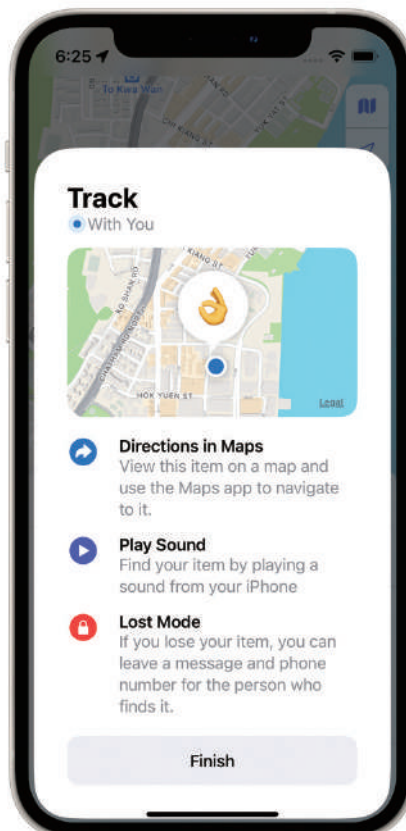

7. A pop-up will appear, prompting you to assign a name to the item. Enter the name, then tap "Continue."

8. When the pop-up message "This Item Is Linked to Your Apple ID" appears, tap "Agree."

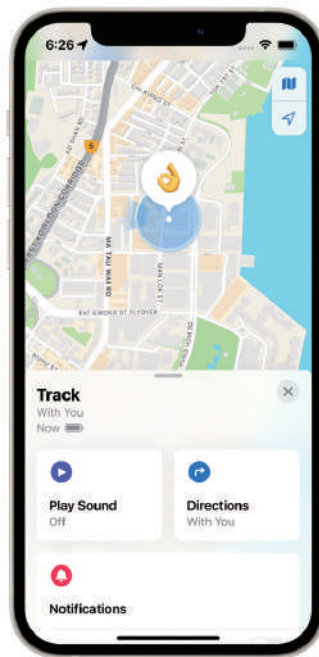

9. To complete the Smart Finder setup, tap "Finish."

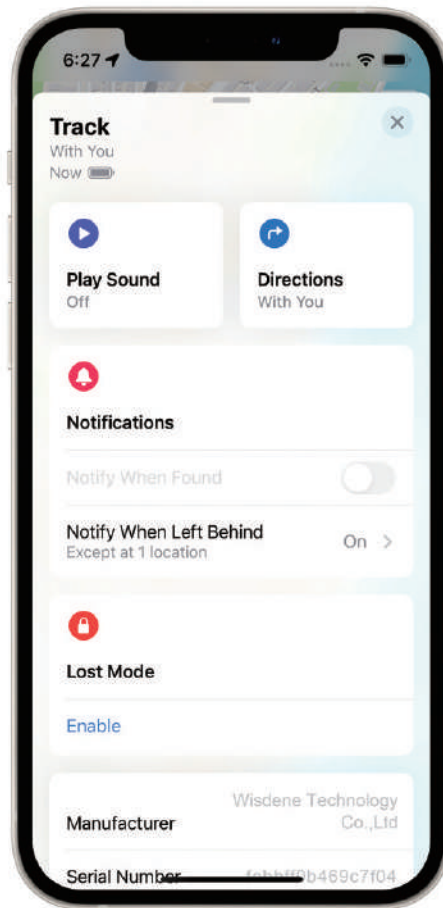

## Function Introduction

1. Find Items – Tap "Play Sound" to make your Smart Finder beep when it is nearby.
2. Find Your Item's Location – Your Smart Finder's last known location will appear on the map as the emoji you selected during setup. Tap "Directions" to navigate to the last known location.

## Notifications

1. Enable the "Notify When Found" toggle: When your Smart Finder's location is detected by another "Find My" enabled device, you will receive a notification of its updated location.
  2. Enable the "Notify When Left Behind" toggle: You will receive a notification when you leave your Smart Finder behind and it is no longer in range of your device.
- Note:** "Notify When Found" can only be activated when your Smart Finder is out of range.

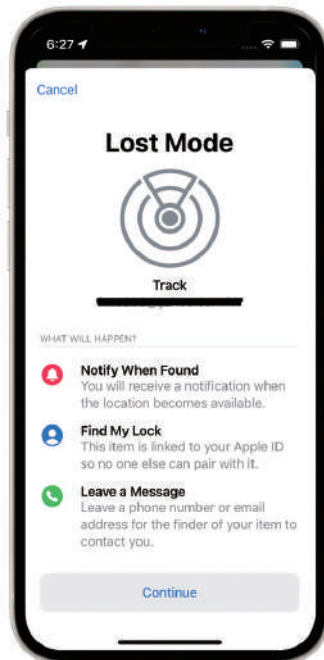

## Lost Mode

When your Smart Finder is lost, tap the “Enable” tab under Lost Mode, and a screen calling for Lost Mode will pop up. Tap “Continue” to proceed. You can enter your phone number or email address and tap “Next.” Optionally, you can enter a message that will be shared with the person who finds your Smart Finder. Tap “Activate” to enable Lost Mode.

### **Note:**

- 1.** When Lost Mode is enabled, the Notification When Found feature is automatically turned on.
- 2.** When Lost Mode is activated, your Smart Finder is locked and cannot be paired with a new device.

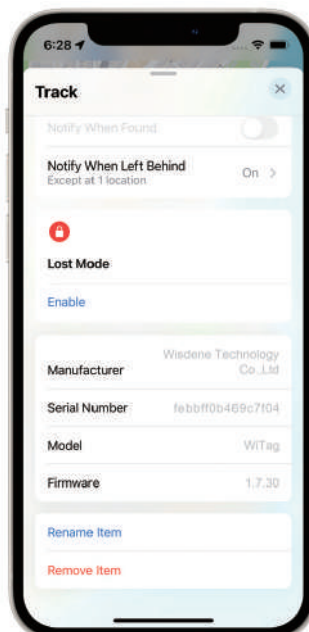

## Rename and Remove Item

**Rename Item:** You can rename your Smart Finder for easier identification.

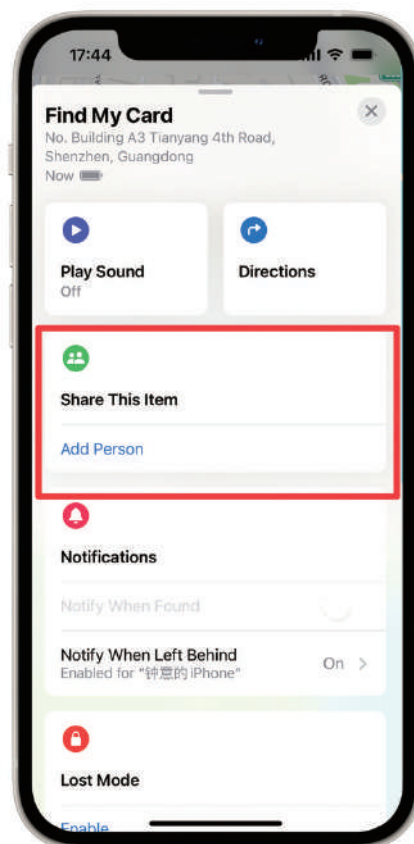

**Remove Item:**

1. Ensure Lost Mode is disabled, then click Remove Item. After selecting this option, a prompt will appear asking, “Remove Item?” Click “Remove” to reset the Smart Finder.
2. The Smart Finder is now reset and ready to be paired with a new device.

## Share This Item

1. Tap “Add Person” to share this item.
2. Tap “Continue” and select the people with whom you want to share.
3. Tap “Share” and wait for confirmation from the selected individuals.
4. Once shared, others will be able to locate the item, but tracking notifications will be muted.
5. Available for iOS 17 and above.

## System Requirements and Compatibility

1. Apple ID
2. iPhone models with iOS 14.5 or later
3. iPad models with iPadOS 14.5 or later

## About the Find My App

The Apple Find My network offers a simple, secure way to locate your item using the Find My app on your iPhone, iPad, Mac, or the Find Items app on Apple Watch. To use the Find My app, ensure your device has the latest version of iOS, iPadOS, or macOS. The Find Items app on Apple Watch requires the latest version of watchOS.

## Learn More

1. This item can be located by its owner using the Find My app. For more information, follow the instructions below.
2. Locate the button on the top of the device.
3. Press the button twice. You will hear a confirmation sound.
4. Tap “Continue On Website” for more information, including any Lost Mode message from the owner.

## How to Disable

1. Locate the button on the top of the device.
2. Long press the function button for three seconds until you hear two beeps. This will stop sharing the location of this Smart Finder.

## Factory Reset

1. Press the button four times rapidly and then hold it a fifth time until you hear a ringing chime.

**2.** A reset operation is required to enable the device to enter pairing mode again. Synchronization with Find My also requires simultaneous unbinding and rebinding to the new Apple ID account.

## **Safe Tracking Guide**

How can I prevent my device from being used for malicious tracking? When someone else's device mixes with your belongings and tracks it over a period of time, you will be reminded in the following ways:

- 1.** If you have an iPhone, iPad, or iPod touch, etc., you will receive alerts on your Apple device. This feature is available on iOS or iPadOS 14.5 version or above.
- 2.** If someone else's device finds its way into your belongings, your iPhone will notice it is traveling with you and send you an alert. After a while, if you still have not found it, the Smart Finder will start playing a sound to let you know where it is.

## **Important Tips**

When pairing a device with the Find My app, the phone will connect to the Apple server. Pairing may fail due to network issues. The following actions are recommended:

- a.** Change the phone's network by switching between Wi-Fi and mobile data. The first pairing may take a long time, so please be patient.
- b.** Reset your Smart Finder.
- c.** When "Lost Mode" is enabled, do not remove the item from the

app. Your Smart Finder will be locked and cannot be paired with a new device.

The “Works with Apple” badge indicates that a product has been specifically designed to work with the technology identified in the badge. It has been certified by the manufacturer to meet the Apple Find My network specifications and requirements. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards.

Apple, Apple Find My, Apple Watch, Find My, iPhone, iPad, iPadOS, Mac, macOS, and watchOS are trademarks of Apple Inc. iOS is a trademark or registered trademark of Cisco in the U.S. and other countries and is used under license.

## Care and Maintenance

Please read the following recommendations before using the unit. Following these guidelines will help you enjoy the product for many years.

- 1.** Do not expose the unit to liquid, moisture, or humidity to avoid damaging the product’s internal circuits.
- 2.** Do not use abrasive cleaning solvents to clean the unit.
- 3.** Avoid exposing the unit to extremely high or low temperatures, as this can shorten the lifespan of the electronic components, damage the battery, or distort certain plastic parts.
- 4.** Do not dispose of the unit by burning it, as this could result in an explosion.
- 5.** Keep the unit away from sharp objects, as contact may cause scratches and damage.

6. Ensure the unit does not fall to the floor, as this may damage the internal circuit.
7. Do not attempt to disassemble the unit yourself, as improper handling may cause damage.

## FCC Statement

**Caution:** Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the product.

**Note:** This product has been tested and complies with the limits for a Class B digital device as defined in Part 15 of the FCC Rules. These limits are designed to offer reasonable protection against harmful interference in residential installations. This product generates, uses, and can radiate radio frequency energy, and if not installed and used as per the instructions, may cause harmful interference to radio communications. However, it is not guaranteed that interference will not occur in a particular installation. If the product does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try the following measures to correct the interference:

Reorient or relocate the receiving antenna.

Increase the separation between the product and receiver.

Connect the product to an outlet on a circuit different from the one to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for assistance. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

This device may not cause harmful interference, and

This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirements. It can be used in portable exposure conditions without restriction.

**FCC ID:** 2A6W7-BL017

## **Disposal**

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

## **Warranty**

Products procured directly from the **Levelo** website or physical store comes with a 24-month warranty. **Levelo** products purchased from any of our authorized dealers are guaranteed with a one-year warranty. If you wish to extend this warranty, you'll need to go to our website at **<https://www.levelobrand.com/warranty>** and fill out the necessary form, making sure to include your personal information and a photo of the product. After your request has been evaluated and accepted, we'll send you an email notification to affirm the extension of your product's warranty.
